Dear Fellow Community Transformers,

We are bringing together agents of change to develop comprehensive strategy that will result in real change to the culture of our nation and expand the Kingdom of God. Many of us have heard about the Seven Mountains, kingdom expansion, and societal transformation but what we have lacked is real practical application. Motivated by that need we have been developing unprecedented cooperative efforts between local governments, businesses, and non-profits; especially churches to tackle the problems faced by today's society. Our International Alliance, The Statesmen Project, works with those willing to invest in their communities.

Please come and join us for a powerful time of education, networking, and strengthening as we work toward bringing much needed transformation to our communities. It will be well worth your time and energy.

Yours for Transformation,

Dennis Peacocke - Founder

Keynote Speakers

Dennis Peacocke is the Founder & President of GoStrategic, a non-profit ministry dedicated to demonstrating the relevance of Christianity in all areas of life, both personal and social. His global ministry has addressed the spiritual issues driving political economic challenges to both church leaders and leaders of nations for more than 40 years. A former business owner and research economist, he resides in Santa Rosa California.
