Simple Principles for Today's Complex Issues

FRIDAY, MAY 5TH | 7:00 – 9:30 PM

SESSION 3

JAYDE DUNCAN
NEW LIFE CHURCH

Kingdom Leadership in a Divided Age

The spirit of this age thrives on division and polarization. The Kingdom of God, however, is a healing and unifying Kingdom. By adopting Christ's radical vision of the Kingdom, we learn to bring *shalom* and reconciliation into our personal relationships and every sphere of society. God's people are tasked with leading the effort to bring healing wholeness [*shalom*] into every place that is fractured by division and sin.

- When we participate with division, we lose our credibility, authority, and witness.
- God's Kingdom is a healing Kingdom, and Jesus both demonstrates and purchases this healing wholeness through suffering love.
- The way of the Kingdom is the wise way of being in the world that results in human flourishing.
