What Does a Christian Business Look Like?

Are you a businessperson who happens to be a Christian—or are you a Christian who has been called by God to be in business? This teaching will explore the differences and challenge you to align your business with the principles of the Kingdom of God.

- A Christian business sees the importance of God's Kingdom impacting the marketplace and becomes an example of that by applying His principles to the business.
- It applies the "Golden Rule" to all aspects of its business.
- It produces something vital enough to bring real transformation to the world.

SESSION 2

FRIDAY MORNING | MAY 5TH

The Crossroads of Culture

This is what the LORD says: “Stand at the crossroads and look; ask for the ancient paths, ask where the good way is, and walk in it, and you will find rest for your souls. But you said, ‘We will not walk in it.’” —Jeremiah 6:16

We are standing at a crossroads as a culture. Our current methods have not produced the life they promised. But God has provided another way. The crossroads offer us a fresh opportunity to find and follow Jesus’ way.

- The way we choose to walk is based on the destination we want to reach.
- The way we choose to walk forms us and, thus, creates a progression of implications with each step forward.
- Transformation requires choosing another way to walk.
- The crossroads are descriptive of a moment of opportunity where a new way can be taken.
- When at the crossroads, we must STAND, LOOK, ASK, and then WALK.

FRIDAY AFTERNOON | MAY 5TH

PASTOR JAYDE DUNCAN

God addresses the problems of the world through people. His original intent for the rulership of the world has always been and continues to be leading with His people—specifically, a people who have responded to God’s call and process of leadership development for the faithful stewardship of the world. Thus, Kingdom-minded ministries are focused on equipping people to think biblically, live strategically, lead effectively, and dream generationally.

- God is looking for leaders
- Kingdom leaders carry a burden
- Kingdom leaders commit to a process
- Kingdom leaders confront a problem
- Kingdom leaders call others to join

FRIDAY AFTERNOON | MAY 5TH

- Major principles involved in monetary and fiscal policies

FRIDAY AFTERNOON | MAY 5TH

DENNIS PEACOCKE
GOSTRATEGIC

There are two major issues relevant to preserving our spiritual growth and the truths we've gained with them: 1) getting the truth as it moves toward owning it (offense), and 2) holding onto that truth (defense) in the face of warfare. We must address the enemies from within and from without to hold and gain new ground in the Lord.

FRIDAY AFTERNOON | MAY 5TH

KEN NEGVESKY
GOSTRATEGIC

- Why discipleship in the marketplace? Why not?
- Awakening to the revelation that discipleship is God's method for training and raising up sons and daughters in His family business, including the marketplace
- The absolute necessity of discipleship for the transformation of the business sphere
- Seeking those you, as a business person, are called to/assigned to disciple

FRIDAY EVENING | MAY 5TH

PASTOR JAYDE DUNCAN
NEW LIFE CHURCH

The spirit of this age thrives on division and polarization. The Kingdom of God, however, is a healing and unifying Kingdom. By adopting Christ's radical vision of the Kingdom, we learn to bring *shalom* and reconciliation into our personal relationships and every sphere of society. God's people are tasked with leading the effort to bring healing wholeness [*shalom*] into every place that is fractured by division and sin.

- When we participate with division, we lose our credibility, authority, and witness.
- God's Kingdom is a healing Kingdom, and Jesus both demonstrates and purchases this healing wholeness through suffering love.
- The way of the Kingdom is the wise way of being in the world that results in human flourishing.

In 1991, this family exercise was developed into a course for emerging leaders of all ages by equipping them to think biblically, challenging them to live strategically, and providing insights for leading effectively.
