

Discounted Group Licensing

GoStrategic is pleased to offer our Discounted Group Licensing program, designed specifically for leaders facilitating small-group studies using our teaching materials. Our aim is to make accessing our resources convenient and affordable for your group or ministry!

- **Affordable Pricing:** Enjoy significant savings with a licensing fee of just \$10 per person; includes distributable PDF workbook, streaming video access, and an exclusive coupon code for those who also want the MP3 audio version.
- **Convenience:** Distribute materials electronically, saving time and resources for both you and your participants.
- **Honor System:** We trust you to accurately record the number of access links distributed and pay accordingly each time you lead a group. Your integrity in honoring copyright and the licensing agreement is highly valued.

HOW IT WORKS:

1. **Select Video Series:** Purchase the group-licensing version of the video series at gostrategic.org/store (if you already own the series, skip to step 2).
2. **Distribute Materials:** Distribute the materials electronically to everyone in the group, keeping track of how many participants have been given access.
3. **Purchase Licensing:** Each time you lead a group, visit gostrategic.org/product/licensing and pay for the appropriate quantity of licenses based on the number of participants.
