## TEACHING NOTES: "Discipleship in the Marketplace"

Discipleship is God's universal method for producing transformation and growth. We have the opportunity to directly and indirectly disciple those around us, including at our place of work.

- The MANDATE and MEANING of biblical discipleship
- The MINDSET and METHODOLOGY of discipleship
- The MODEL of discipleship

## DISCUSSION QUESTIONS:

1. What is one practical way you can practice conscious discipleship in your workplace?
2. What area is God calling you up in so you can better disciple others in that trait?
3. What are some barriers you see/feel in your journey as a disciple, and what is one practical way you can work to make changes in that area?
